**We Do:** Hiking, Snorkelling, Swimming, Climbing, Jumping, Wilderness Camping & Exploring. We travel in a 4WD Vehicle so we can access to best spots.

**We Stay:** We are a camping tour, we specialise in getting to remote beautiful wilderness areas where we set up camp, on rivers, on beaches, in forests, in the outback, even 1 on an island, spectacular places, many which are private and exclusive to us.

**You Need To Bring:** Sleeping bag, pillow, torch, camera, music, suitable clothing.

**Included:** Yummy food from lunch on day 1 to lunch on the last day, camping gear (except sleeping bags), tents, swags (bed roll), camping fees, park fees, all taxes etc. 3 nights dorm accommodation in Broome on 20 day Overland tours.

**Not Included:** Optional Whaleshark boat cruises on the West Coast, Lake Argyle Cruise in the Kimberley (\$120 payable direct to boat operator on tour). Food in Broome.

## Why Kimberley Adventure Tours?

**Small Group:** We only travel with a max of 13 in our 4WD. Small groups like this means that guides can actually guide, rather than spend time organising a large group, we minimise our environmental impact and our small vehicle can get to the special places we go, which are often down narrow rough bush tracks.

*"The real difference between KAT and the other operators is the small group ethos and wild camping which means this really feels like the wilderness adventure we all seek." AmandaS*

*"It is a small tour group which I loved as you get to know everyone so well and also our tour guide was able to take us to really amazing hidden places bigger groups couldn't have done." Clare G.*

**Camping:** We sleep under the stars & in tents around the campfire in beautiful wilderness areas without noisy neighbours & mess. Many locations are private & unique to us, located by creeks & rivers on Cattle Stations & Aboriginal land, we even have 1 camp on an island!

*"It was very special to visit and camp in so many beautiful, secret, exclusive Kimberley Adventure Tours spots away from the madding crowd. An unforgettable journey." DavidStephensen*

*"We really enjoyed falling asleep in the swags under the stars!" MetteMarieVR*

*"We explored to little known aboriginal rock paintings and stayed in isolated camping spots." Andrew S.*

**Adventure:** We love adventure, hiking, swimming & exploring. We regularly go off the trail & passengers need to have a reasonable level of fitness and an enthusiasm for nature and wild places to do this trip.

*"Every single day of this tour was filled with "wow" moments. Breath-taking gorges, swimming in the wild, camping under the worlds clearest sky." Tourer90*

*"This tour was everything we wanted for our first Kimberley experience - adventure, bush camping, sleeping under the stars, swimming in pristine gorges, fun and camaraderie as well as learning and understanding the beautiful and fragile environment." Victoria H*
